# Testimonials

## Organic Process Research and Development

"Excellent conference - highly recommended."  
DuPont de Nemours & Co Inc

"OPRD is a very well balanced, professionally organised conference, which not only provides the latest developments in process chemistry, but also provides opportunities for fellow scientists to interact in a professional way."  
Johnson Matthey

"Scientific Update has done it once again. They have provided a first class conference!"  
Aryx Therapeutics

"Great opportunity to see real life working chemistry and for networking with colleagues."  
Wyeth

"Excellent conference! Speakers were well chosen with relevant content, the staff were extremely well organised, friendly and accommodating. I'll recommend this event to my colleagues."  
US Army

## Scale-Up of Chemical Processes

"It has been an excellent mix of presentations, chemistries, technologies, considerations and processes in the scale-up of reactions."  
Dow Chemical Company

"Excellent speakers and networking opportunities"  
Huddersfield University

"An excellent experience of interactive learning"  
Alphora Research

"Broad range of relevant topics, all well presented"  
Glycosyn

"It's awesome! The complete package on scale-up covering right from development, QbD & safety issues in development and scale-up."  
Lupin

## Modern Synthetic Methods

"It was a wonderful and extremely enriching experience. Perfect mix of talks from academia and industry."  
Michigan State University

"It was a highly successful and enjoyable meeting. A lot of interesting chemistry was presented and there was plenty of opportunity to network with colleagues from academia and industry. You selected a perfect venue  
Nycomed GmbH

"Great conference. I have enjoyed the talks, the exhibition and the networking. Great success!"  
Actelion Pharma

"Very well organised with an excellent line up of speakers. The diversity of topics was also very well done."
